Loan conditions:

The applicant agrees to take care and respect the material loaned. In case of degradation, loss or theft, MARINELEC Technologies will send an invoice corresponding to the repair or replacement of defective or missing equipment. The loan is for a fixed term (date indicated on the loan slip). The applicant agrees to respect this date of return. In the case of a loan of material during repair, the applicant has 10 working days upon receipt to send us back the equipment to be repaired. Otherwise, the equipment loaned will be invoiced at the current rate. The applicant also undertakes to return the loaned material free of charge within 5 working days from the date of receipt of the repaired material. In the event that the return dates are not respected, MARINELEC Technologies company is entitled to charge the rental of the equipment. The loan material cannot be sent to the Client the same day only if the loan form is received before 10:00 am otherwise the shipment will be the next day.

Before a loan request, it is imperative to contact a MARINELEC technician.
